

Twisted Pretzel Dogs Cooking Procedures

WARMER PROGRAM

Allow product to thaw in refrigerator/cooler.

For Heating in Microwave Oven:

Place 3 links in the microwave, do not vent the package, and cook on high for 90 seconds. Then place in the hot case to be held for 3-4 hours. For cooking one link at a time place in the microwave, do not vent the package, and cook on high for 30 seconds. Then place in the hot case for 3-4 hours.

Product is best at an internal temperature of 160 degrees.

Notes:

Packaging will always be cool to the touch and the product will not stick to the package due to a special coated film inside the package.

This item cannot be heated on a roller grill.
